

Loft - Light Sand Oak

Product Description

Our fantastic Loft laminate range is designed with a highly realistic wood effect surface that pays homage to the natural material by perfectly replicating its stunning knots, light and dark grain patterns, organic markings, and flowing lines. This laminate floor is ideal for creating a welcoming and comfortable atmosphere in modern decor. Hard-wearing, durable, and boasting an anti-bacterial coating, the 7mm thick floor also comes with an AC3 rating, making it a perfect choice for busy areas in a family home. Installation is a breeze with the quick and easy click fitting system, so there is no need for messy glue or too many tools! The premium quality materials and affordable price transform Loft into an ideal flooring solution and a fantastic alternative to solid wood flooring. Complete with a Blue Angel Certificate for VOC Emissions the Loft range benefits from being environmentally friendly for your added peace of mind.
