Palermo Long - Chocolate Oak

The Palermo Long Chocolate Oak laminate flooring expertly combines the numerous advantages of laminate flooring with the fascinating charm of solid wood. Created with a highly realistic wood effect texture, the floor also comes with long planks that measure 1845mm and feature 4-sided V-grooves for a more authentic look. The premium quality materials and the impressive 12mm thickness ensure that the floor will withstand heavy traffic in both residential and commercial spaces with elegance. The anti-bacterial coating is designed to make cleaning and maintenance easy and stress-free, and also to protect the floor by inhibiting the growth of germs and bacteria on its surface. To complete your purchase and ensure the perfect feel underfoot, We recommend using a 1-3mm underlay. Using this underlay will provide your amazing new laminate flooring with protection from your subfloor and remove any minor deviations it has, whilst also delivering excellent acoustical performance. Head over to our Underlay page found in our Accessories menu to find the perfect one for you!
