

Duke - Glacier Oak

Product Description

Achieve modern appeal that offers both style and outstanding quality with our range of Duke laminate flooring. Expertly constructed with an 8mm thickness, the Duke range is hard-wearing by design making it perfect for use in hallways and living rooms! With an impressive AC4 rating the Duke laminate range is durable and reliable. Pair this with the generous 20 year residential warranty so you don't need to worry about any accidental damage as your flooring is covered.

Thanks to its easy click fitting system, the Duke range is DIY friendly and a breeze to install in your home. Boasting an authentic wood appearance with an embossed surface and realistic knots and grains, you can achieve the look of solid wood but without the expensive price tag.
