

Noble - Malton Walnut

Product Description

Spruce up your home in a cost-effective way with our fabulous range of Noble Laminate flooring. Impressively constructed with a solid 8mm thickness for a hard-wearing finish, the AC4 durability rating means this laminate will withstand the comings and goings of a busy home, providing you with a top-quality floor that will stand the test of time. Boasting realistic wood features with knots and grains, offering you flooring that looks like solid wood but at a fraction of the cost. Suitable for use in most rooms around the home, our Noble range can be installed over underfloor heating. Complete with an A+ VOC Emissions rating, the Noble laminate range is both environmentally friendly and safe, providing you with that much-needed peace of mind.
