

Atlas Sky Blue Victorian Tiles

Product Description

Make a statement in your home with our beautiful range of Patterned Porcelain Tiles, offering a variety of styles from vintage floral mosaics to Victorian diamond designs. The matt finish helps provide anti-slip protection ensuring these tiles are safe for your home, whilst the satin finish offers a chic sheen to your room. Expertly crafted from extremely hardwearing and versatile porcelain, our tiles can be used on floors and walls and benefit from being 100% waterproof. The pre-scored lines help with installation if any cuts are to be made, whilst also creating the illusion of 4 smaller tiles.

Our Patterned Tiles are easy to maintain and suitable for underfloor heating, however please note if you have a water heating system then you will need to install an anti-crack mat to prevent your tiles from breaking with the increasing heat.

Range Details	Properties	Technical Data	Technical Specification
Material	Porcelain	Slip Resistance	R9
Finish	Satin	Water Absorption	4% < E < 4.5%
Thickness	9mm	Breaking Strength	R ≥ 24 N/mm ²
Tile Width	45cm	Resistance to Staining	4
Tile Length	45cm	Frost Resistance	Yes
Pack Coverage	1.22		
Tiles per Pack	6
