ZEN TILES

Elowen White Marble

Range Description

Timeless clarity. Subtle drama. Elowen White Marble reflects the quiet elegance of classic white marble, its polished surface revealing soft grey veining that moves gently across a luminous base. The result is refined and poised-never loud, always composed. Elowen White Marble harmonizes with warm timber tones, soft wool textures, and brushed brass accents. Its polished sheen brings understated elegance-ideal for kitchens seeking a crisp, refined foundation or bathrooms that need a whisper of luxury. Use it to brighten dim spaces or define feature areas with quiet sophistication. Let materials dialogue through texture and tone. Keep fittings minimal. Choose restraint over excess.
