

## Marylebone - Champagne Oak

### Product Description

Bring a ray of sunshine into your home with the Champagne Oak Brushed Oiled engineered wood floor. Featuring honey and light brown colours along with a rustic-grade grain, this floor provides the perfect solution to create a warm, welcoming and comfortable living space. Blending elegance and quality, this engineered wood floor comes with 14mm thick planks and a 2.5mm solid wood veneer. The brushed treatment puts the features of the solid oak in the best possible light, while the oiled finish protects the planks, even deep beneath the surface! This floor is easy to install in living rooms, bedrooms, or hallways thanks to the ingenious click system. This flooring is only suitable for underfloor heating, when glued down completely. Otherwise for a floating installation, only the first row needs to be glued. Head over to our accessories section where you can find those last pieces to finish your room in style! We
