

Marylebone - Light Meadow Ash Herringbone

Product Description

Do you want quality flooring that will become a conversation piece? Light Meadow Ash Lacquered engineered wood floor brings a rustic touch into your home, creating a warm and welcoming atmosphere at the same time. The 2.5mm solid wood veneer boasts light brown hues and honey accents to brighten any room, while the rustic-grade grain provides the perfect counterpoint to modern furnishings. The planks measure 14mm in thickness and 130mm in width, to suit smaller or larger rooms in equal measure. The surface also features a high-quality lacquered finish to provide stain and scratch protection which is easy to install with the click system. This flooring is only suitable for underfloor heating, when glued down completely. Otherwise for a floating installation, only the first row needs to be glued. Checkout our accessories section, there you can find the finishing touches for your flooring!
