

Oxford Herringbone Natural Oak

Product Description

Parquet, Herringbone, Chevron, and more, engineered wood flooring has so many options! Oxford Natural Herringbone Oak is one of our most popular parquet engineered wood floorings. This style will allow you to complete a detailed parquet floor in next to no time, giving you gorgeous results that will be a conversation starter in any home. This highly specified 14mm thick engineered wood comes with 2 coats of natural oil, giving it a pristine finish. Featuring warm brown shades and slight colour variations, this stunning natural wood is composed of authentic wood knots. With a highly durable plywood base and incredible 3mm solid wood wear layer, this flooring is built to last. Oxford Natural Herringbone Oak will look incredible in any size room by adding a touch of natural class. The tongue and groove fitting system will ensure that your new floor is easy to install and will last a lifetime.
