

Marylebone - Harvest Brown Oak

Product Description

Quality, reliable, and spectacular best reflects our range of engineered wood floors. Our Harvest Brown Oak is part of our popular Marylebone range, undoubtedly elegant and versatile, this gorgeous floor enhances both classic and modern interiors. The light brown colours blend with a striking grain and eye-catching knots, to bring a welcoming atmosphere and warmth into any room. Premium quality and durability, this engineered wood floor features 14mm thick planks made with a 2.5mm solid wood layer. Brushed to bring out the features of oak to the fore, the planks have an oiled finish that penetrates the veneer to protect the wood. This flooring is only suitable for underfloor heating, when glued down completely. Otherwise, for a floating installation, only the first row needs to be glued. Don't forget to look at our accessories page, it is fully stocked with products to help you get the best results. We
