

## Mayfair Sandy Oak

### Product Description

Mayfair Sandy Oak features gorgeous honey undertones that bring warmth and richness to the space, beautifully contrasted by darker knots. The combination of the light, golden hues and deep, natural imperfections adds depth and character, creating a timeless, rustic charm. Lacquered engineered wood flooring offers a sleek, glossy finish that enhances the wood's natural beauty while providing a strong protective layer. The lacquer coating makes the floor more resistant to scratches, stains, and moisture, ensuring long-lasting durability and easy maintenance. This finish creates a smooth, high-gloss appearance that brightens a space and adds a sophisticated, polished look. It's a great choice for high-traffic areas, as it requires minimal upkeep—just regular cleaning and occasional re-coating to maintain its protective layer. Prime grade engineered wood flooring offers a sleek, uniform appearance with minimal imperfections. It features consistent grain patterns, few knots, and little color variation, making it ideal for a modern, sophisticated look. This high-quality grade ensures a smooth, polished finish and enhances durability, making it a top choice for those seeking a refined, elegant floor with lasting performance.
